I did send them to the Port for informational purposes, I'm not sure why these were not received. I am waiting for the tribes comments, but do have a version with EPA only comments ready to send to them. I am waiting for comments from the tribes.

Ravi what is the schedule for getting the EWG our EPA comments on the AB memo? Looks like you never sent the comments from Ecology for informational purposes.

Hi Kira,

I have no record of receiving these. Thanks for forwarding along. Will we be getting EPA's formal comments soon?

Brick

Subject: WA State Dept of Ecology Comments

Brick and Dan -- Attached strictly for informational purposes are the Washington State Department of Ecology's comments on the Draft Anthropogenic Background Memorandum, submitted to EPA by the EWG. EPA plans to send the EWG comments, in the near future, on the Draft AB Memo that the EWG will need to respond to and address in order for the Memo to be approved by EPA. Formal comments from EPA may include some of the attached comments from the State of Washington, but for now these are again for informational purposes only.

Please let me know if you have any questions.

Regards,

Ravi
